KARL A. SNYDER,
ATTORNEY-AT-LAW. Room 10. Cromwell block, Albequerque, N. M.

A man passes a restless, sheepless night, gets up dull and headachey in the morning, goes to the breakfast table without an appetite, bolts what little he does eat and rushes away to business. He is drowey and nervous by turns all day and forces hitmself to work against his will. He takes five minutes for lunch and not a minute to rest afterward. He goes home at night utterly fagged out and with no appetite for supper. The titles of taking medicine or even taking a little rest never enters his head. Some night his wife finds him in the rocking-chair before the fire-place—dead. The doctor will call it nervous prostration or heart trouble or something of that kind. Dr. Pierce's Golden Medical Discovery is the best medicine for hard working men. It restores a keen edge to the appetite. It facilitates the flow of the digestive jucces and makes the digestion and assimilation perfect. It invigorates the liver and purifies and enriches the blood. It is the great blood-maker, fleshbuilder and nerve-tonic. Medicine dealers sell it.

It has therefore been thought best to On Mountain Road Near the City separate the department from the system. A point in question that has led largely to this determination, it is said, is the matter of competition. Parties along the line having lands for sale in the same districts feel that they are injured by the close competition in many ways and in turn use their influence to throw business to some other road to the detriment of the Santa Fe.

This same state of affairs was continually coming up to the annoyance of the company previous to the abolishment of the company handling its own coal. It became finally so much of a disturbance that the furnishing of fuel by contract was ordered.
